“ She was one of my favorite teachers at Rabouin. She was very kind and she left a lasting impression on me. I often think of her and mention her when I think of my time at Rabouin. In fact I mentioned her today and I searched for her only to find out she is gone.

“ My condolences to the family of one of the most impactful teachers in my high school career. I was always unsure of myself, but she believed in me all the way to the Social Studies fair where I won 2nd place over so many great participants. She drove me all the way to Baton Rouge where we shared stories. I appreciate that piece of special time I has with her. I am currently a Social Studies teacher and I wish I can teach with as much Pizzazz and Class Mrs. Saunders had. #realteachersbreedrealteachers

“ I miss your abrasive but gentle approach to us "hard head" kids at Rabouin. You were instrumental in my growth to becoming the best that I can be. You showed me so many things. I remember going on a field trip to BellSouth(which is At&t now). No one played with you lol. We all looked up to you. You definitely were a light & guide to many of us. If I would have known about your services I would have not attended. I know without a doubt you gained your wings. Rest peacefully Ms. Saunders, we will miss you.
