“ I was really good friends growing up with her cousin. But I always looked up to her. She and her sister are really the one's who inspired me to go into healthcare. She was a beautiful soul. You are loved & will be missed.

“ *This is so unbelievable! I just had seen her that morning and she looked exactly as she does in this picture, she looked like a picture of good health she also told me she was well no stress or worries! And to hear hours later she's gone! But it was the way she hugged me so close and tight I didn't realize she was hugging me good bye. She was the best supervisor I ever had, she sure will be truly missed! Sending prayers and condolences to the family!*
