“ It's the phone call for me and I'm sure for many others. The calls could be short or long but he always called. You never knew when. You might be having an awesome day or a very bad day, but his calls were always coming. If you were having a good day, your day got even better. If you were having a bad day then his calls would uplift your spirit. When you think about a simple phone call just don't think of the call itself which is incredible, but think about the process behind the call. You have to think about the person you are getting ready to call. The thought of them had to cross your mind. That means he was thinking about you. You were on his mind. He was thinking about your day and how you were doing. He was thinking about me and Earsey and our kids all the time because he called us on many occasions. Yes the calls for me because that meant that he was always thinking about me and about all of us as demonstrated by his calls. I will remember my awesome brother who cares so much about us all. I know we all have special gifts given to us by God, for sure Rushell's greatest gifts was-is-and will always be his love and care for us all. I will miss him! You will be missed my caring dear brother. Your care for people was absolutely AWESOME and a great example to us all and to me, a gift that keeps on giving, as we celebrate his life. I am reminded that the greatest example of life is leave an example that all can benefit from. He did that and so much more. You big brother Larry and Earsey whom you loved like a sister!
